1. Introduction

a. Company History

IntradingR discovered very quickly that there are so many small business that do not know how to bring their products to the buyers. Internet marketing is a vital point in our marketing strategy as so many people nowadays just want to sit and relax after a long day and scroll through the internet. We bring your products and services to the clients ensuring you get the best exposure for your business. We keep our prices very competitive so that the new small businesses can also be able to afford it. So I decided to start this company. I have extensive experience in marketing, including internet marketing. I also do marketing training for companies as well as sales training. We cater for everything your business needs to grow as well as to get the most out of your staff working for you.

2. What the company does

IntradingR is the marketing company to use if you want your services and products exposed for better sales. We do marketing across the globe. No company too big or too small to help. IntradingR cater for everyone, even the new one man startup businesses. IntradingR have extensive experience in marketing as well as internet marketing. IntradingR also do sales training as well as marketing training. Everything you need to better your staff IntradingR can help you with. Our fees are very competitive and affordable. IntradingR represents your brand effectively. IntradingR use creative as well as strategic planning to make your business successful. IntradingR makes your company visible and a household name on the internet. IntradingR helps you with your website.

INTRADINGR'S MOTTO IS THE MORE YOUR COMPANY IS VISIBLE THE BETTER YOUR FINANCES WILL BE!!!

3. Business concept

We do maximum exposure on the marketing side. From websites, domains, training workshops to the selling of your products.

- a. Business competitiveness
- b. Vast experience in marketing especially in online marketing
- c. Competitive prices

4. Current customers & projects
